

Camouflage

**Rising from the ashes, cinders to sand
Tomorrow's new cloths on yesterday's man
Burnt my bridges, folly to fall
Unstitch the stiches, one for all
All for one, all the same
Nothing to lose, nothing to gain**

**Shed my skin hide my eyes
Camouflage, I'm camouflage
Change my name change my mind
Camouflage, I'm camouflage**

**Give me your reasons tied to the wall
Grant me three wishes break my fall
Behind these eyes I hide what I can
The eyes of the man, the man you think I am
Do you remember how we tried?
Nothing to lose, nothing to hide**

**Shed my skin hide my eyes
Camouflage, I'm camouflage
Change my name change my mind
Camouflage, I'm camouflage**

**All for one, all the same
Nothing to lose, nothing to gain**

**Shed my skin hide my eyes
Camouflage, I'm camouflage
Change my name change my mind
Camouflage, I'm camouflage
Camouflage, I'm camouflage**
